Exa Trans Hotkeys

Starting in version 33, you can now configure keyboard shortcuts for the following functions of Exa Trans: Approve, Approve and Next, Save, Skip, and Pre-Approve.

Note: You must have the Exa Trans application in focus to utilize the shortcuts.

1. Go to **Worklist > Settings > Viewer Settings > Tools > Exa Trans Shortcuts**.
2. Under **TOOLS**, select shortcuts and assign keyboard keys.
3. Select **SAVE**.
